Store Manager-

I wanted to bring to your attention one of your employees whom I would like to commend. His name is Varun and he helped me and my family with flooring these past few days. I certainly appreciate the time he spent with us and his degree of knowledge relating to flooring.

He was very informative, helpful, and again, he knew the products very well. He assisted us with getting our house set up with custom flooring.

Essentially, it was because of Varun's attention to detail what made us decide on Home Depot as opposed to other alternatives.

Please extend our appreciation to him and commend him for a job well done.

Customer Eric Rogers- Foothill Ranch,

A handwritten signature in black ink, appearing to read 'Eric Rogers', is written over the printed name. The signature is stylized with a large, looping 'E' and a cursive 'R'.

Hi Gregory,

My name is Lu Lin, a customer of Home Depot. I am writing to you regarding Varun A.'s help and services he provided during my visit to Home Depot.

I was looking at the floors at Home Depot for our new construction home, and Varun come to me asked "can I help you?" And he explained to me engineering wood floor vs. vinyl floor, material cost and labor cost, plus promotions Home Depot offers. After he know I have a new construction home, he also helped me with closets, and helped set up an appointment for closet.

I had visited Home Depot for many many times during past years, and Varun is the ONLY employee coming to me and offered helps. All other time is me trying find employees asking for help. That is big difference!!!
Varun's motivation as a employee of Home Depot should be recognized!

Best regards,

Lu Lin
